

INSTALLATION GUIDE

GALAXY S7 Edge

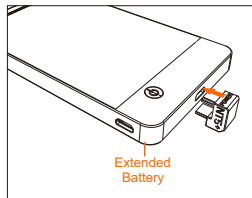

Have the Extended Battery,
your Phone and the
U-Shape Connector
ready.

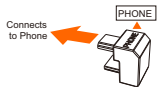

-1-

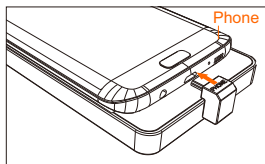

Connect the "POWER" printed side of the U-Shape connector to the extended battery first.

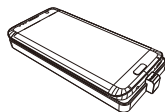

-2-

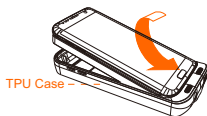

Then connect your phone to the side of the U-Shape connector with word "PHONE" on it.

-3-

Make sure both MicroUSB Connectors are connected securely.

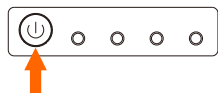

Put the phone and battery into the TPU Case by **sliding** the U-Shape Connector side in first

-4-

Installation Completed!

To Start Charging:

Hold power button on back of the case for 3 seconds to turn on the power and to check power charge indication on the screen.

-5-
